with UK Greetings...

At UK Greetings...

...we don't believe in one size fits all.

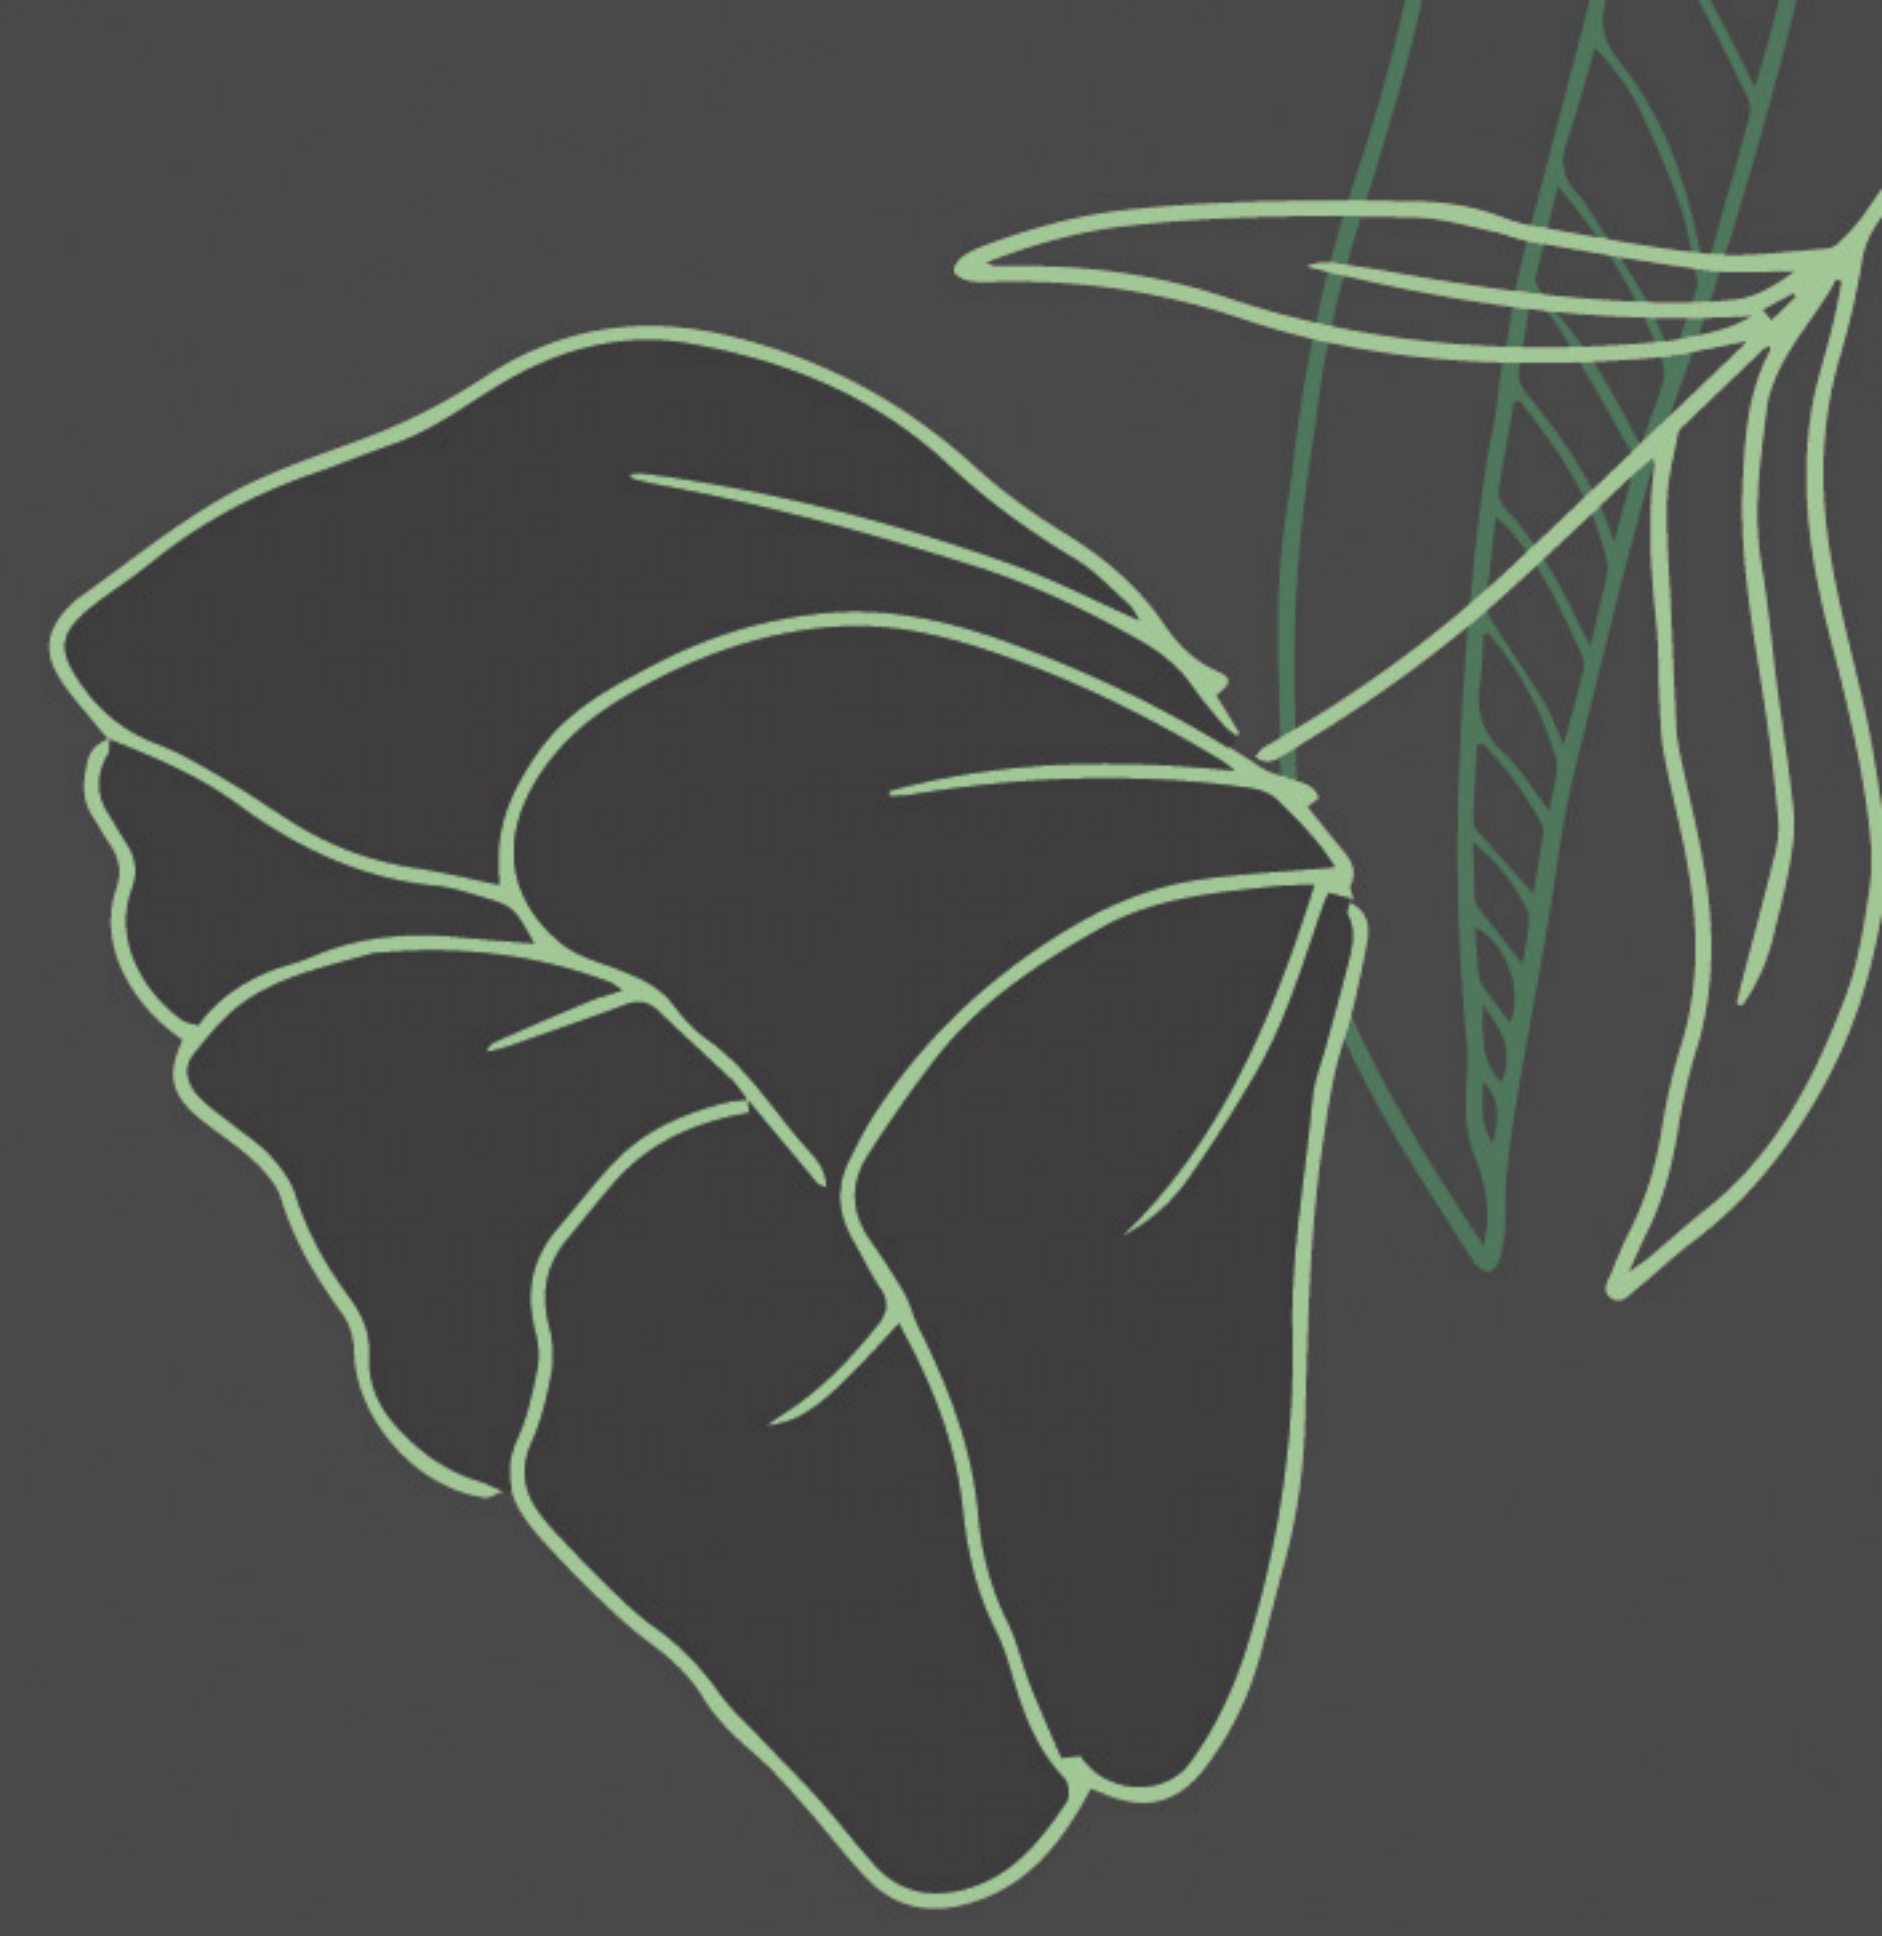

In today's diverse world, homogenous just isn't good enough, we all have differing needs and voices.

Our core range of greeting cards is made up of five distinct brands, each with its own distinct look and voice, and developed with our consumers' lifestyle choices in mind. From very traditional designs, filled with heart-warming sentiment, through to humour, art & photographic ranges, plus the very latest trend-led designs.

Coupled with our portfolio of key licences, the range extends to over 3,000 designs. This breadth and diversity allows us to offer differentiated retail solutions to our customers, with no two displays needing to be the same.

UK Greetings are a full-service publisher. We supply award-winning greeting cards, both everyday and seasonal, plus we offer a comprehensive gift packaging range. Christmas packs and boxed cards, including an extensive charity range, are also available.
